ADVANCE MISSISSIPPI APPLAUDS CHEVRON PLANT EXPANSION

Jackson – Today, Advance Mississippi released the following statement from Chairman Glenn McCullough, Jr. on Chevron’s announcement of the expansion of its refinery in Pascagoula.

“Chevron Corporation’s announcement of its \$1.4 billion expansion in Pascagoula is yet another indicator of Mississippi’s leadership in the energy sector, and represents the single largest investment Chevron has made in its history of the plant—a tribute to the strong work ethic of the Mississippians employed there.

“The Chevron expansion brings needed jobs to our state during challenging economic times. By continuing to support sound energy policy, we will see more investments into the Mississippi energy industry providing for increased economic development as well as more and better jobs.”

#

Advance Mississippi’s mission is to advocate for sensible energy policy that will fuel economic opportunity in Mississippi, and educate policy makers, business and community leaders, and the general public about superior energy policies that will foster economic growth.
